

SOME LEGISLATORS ARE STILL ON THE FENCE.

We need legislators to make strategic cuts, but we also need them to update our 1950s tax code to fit our modern economy.

THE DEMOCRATIC COMPROMISE APPROACH MAKES STRATEGIC CUTS AND REFORMS OUR TAX CODE TO POSITION US FOR SUCCESS.

1. It ends the boom-and-bust cycle and stabilizes the economy.
2. It ends the Modified Business Tax that hinders job growth and implements a modern tax code to protect small business.
3. It broadens the sales tax base and lowers the rate we all pay everyday.
4. It requires cuts, but makes sure we have adequate funding for schools.

HELP BRING THE PARTIES TOGETHER. MAKE YOUR VOICE HEARD. Ask your representatives to support a compromise approach.
